

# KIWALITE

## Solvent Type Fleet Marking Grade #38150 series

This Fleet Marking Grade reflective sheeting can be used with solvent-based inkjet printers for printing high quality images.

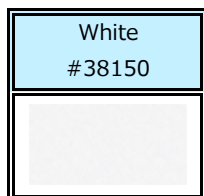

### ■ Details

This highly weather-resistant reflective sheeting can be used for printing high quality images for use outdoors. Because it was developed for applying on curved base materials, it can be used on wrapped advertisements such as buses, trucks, and curved billboards. This product is perfect for advertising, both in day and nighttime conditions.

■ Application                      Billboards, safety applications

■ Product size                        1240mm×45.7m

### ■ Color

Please note that accurate display may not be possible depending on the environment, and that it may not be possible to print some items or colors.
